## GARMENT SIZE CHART

We recommend you measure one of your own garments of a similar type that has a fit that you are happy with. Find its closest match to our 'actual' garment measurements on the charts below. Also included in the charts is an approximate body measurement for your reference. As each individual is different, so is the way in which they wear their garments. When choosing sizes, please take into consideration aspects such as whether you prefer to wear your clothing loose or fitted.
